27 October 2026

Dear Parent/Carer

In August 2026, a team of HM Inspectors of Education visited Broomhill Primary School. During our visit, we talked to parents/carers and children and worked closely with the headteacher and staff. The inspection team found the following strengths in the school's work.

- The well-behaved, polite and highly articulate children. Children are very proud of their school. They express their views and ideas with confidence and clarity. Children participate eagerly in learning and the wider life of the school.

- The positive and nurturing ethos. Senior leaders and staff are highly motivated and enthusiastic. They work very well together to create a calm and supportive learning environment which helps children to thrive. Staff provide children with rich and interesting learning experiences.

- The collegiate and collaborative approach to raising attainment. Senior leaders and staff use a range of evidence to identify appropriate areas for improvement. They develop and use effective strategies to address gaps in attainment. This is having a positive impact on outcomes for children.

- The high levels of attainment and achievement. Children achieve very successfully in relation to national expectations and individual learning targets. They develop a wide range of important skills for learning and life through participation in well-considered groups, committees and leadership roles.

The following areas for improvement were identified and discussed with the headteacher and a representative from Glasgow City Council.

- Senior leaders and staff should continue to develop further approaches to providing all children with sufficient challenge in all aspects of their learning.

- Senior leaders and staff should continue to work in partnership with children and parents to develop further approaches to promoting equity across the school community.

We gathered evidence to enable us to evaluate the school's work using two quality indicators from How good is our school (4th edition). Quality indicators help schools, local authorities and inspectors to judge what is working well and what needs to be improved. Following the inspection of each school, the Scottish Government gathers details of our evaluations to keep track of how well Scottish schools are doing.

Here are HMIE's evaluations for Broomhill Primary School

Quality indicators	Evaluation
Learning, teaching and assessment	**very good**
Raising attainment and achievement	**very good**
Descriptions of the evaluations are available from: How good is our school (4th edition) Appendix 3: The six-point scale	

A more detailed document called Summarised Inspection Findings (SIF) will be available on the HMIE website at: Broomhill Primary School | Inspection Report | His Majesty's Inspectorate of Education in Scotland

What happens next?

We are confident that the school has the capacity to continue to improve and so we will make no more visits in connection with this inspection. Glasgow City Council will inform parents/carers about the school's progress as part of its arrangements for reporting on the quality of its schools.

M. A. Speirs
HM Inspector

On behalf of His Majesty's Chief Inspector of Education in Scotland
