Dear Parent/Carer

In April 2025, a team of inspectors from Education Scotland visited Wellgreen Nursery. During our visit, we talked to parents/carers and worked closely with the head of establishment and staff.

The inspection team found the following strengths in the setting's work.

- Children are happy and confident in their welcoming, nurturing and rights-based environment. As a result, they are settled, ready to learn and are developing confidence.

- Senior leaders and practitioners know all children very well as individuals. They plan, track and monitor children's progress effectively across the year. This ensures all children are supported to make continued progress in their learning.

- Strong partnership working, community engagement and effective relationships with parents, supports all children and families. This effective approach ensures all children and families receive the support they need to thrive and develop.

The following area for improvement was identified and discussed with the head of establishment and a representative from Stirling Council.

- Explore innovative ways to support children to talk confidently about their successes and achievements. This will help children share what they might want to learn next.

We gathered evidence to enable us to evaluate the setting's work using quality indicators from How good is our early learning and childcare?. Quality indicators help learning and childcare settings, local authorities and inspectors to judge what is working well and what needs to be improved.

Here are Education Scotland's evaluations for Wellgreen Nursery

Quality indicators for the nursery class	Evaluation
Learning, teaching and assessment	**very good**
Securing children's progress	**very good**
Descriptions of the evaluations are available from: How good is our early learning and childcare? Appendix 1: The six-point scale	

A more detailed document called Summarised Inspection Findings (SIF) will be available on the Education Scotland website at:

What happens next?

We are confident that the setting has the capacity to continue to improve and so we will make no more visits in connection with this inspection. Stirling Council will inform parents/carers about the school's progress as part of its arrangements for reporting on the quality of its settings.
